# TESTIMONIAL

**Kathy O.**

Round Lake Beach, IL.

I have been to Grayslake Rehab for two (2) different body parts in the last three (3) years (Right Shoulder & Left Foot). Both took significant months of rehab. (The) staff (Gretchen & Kathy) encouraged me in the months that I was not able to use my shoulder. After being able to strengthen, the encouragement continued. I was then “pushed” to work hard and exercise at home.

My shoulder is stronger than it was prior to being hurt.

I can never say “Thank You” enough. Grayslake Rehab provides superior PT services in a smaller family environment.

I highly recommend them.
